Dual Credit Faculty Handbook

Dual Credit Mission statement

The mission of the dual credit and early college program is to give high school students who attend a John A. Logan district high school, private high school or a home school student who resides in the John A. Logan College district the opportunity to earn college credit while still in high school.

Illinois Dual Credit Quality Act

Benefits to Students

Reduce college costs
Speed time to degree completion
Improve/align high school curriculum with college and workplace expectations
Facilitate transition between high school and college
Enhance communication between the high school and college
Offer opportunities for improving degree attainment for underserved student populations

7. New dual credit instructors are required to meet with their liaison and complete all segments of that orientation before beginning to teach a college credit class.

8. New dual credit instructors are also required to attend the discipline specific workshop held in the fall at JALC.

New Course Approval

1. The administration at a high school may request a dual credit course be established on the high school campus.

2. The first step is to determine if there is a faculty member at that high school who meets the college hiring requirements.

3. If there is a high school faculty member who meets college hiring requirements and who wishes to teach a dual credit course, a JALC faculty liaison is assigned to that high school and that faculty member. The curriculum, grading procedures, syllabus will all be reviewed to substantiate the course at the high school meets the same academic standards as if it were taught on the JALC campus. While textbooks do not have to be exactly the same in all sections of the course, the content of the textbooks must be approved by the college. Final approval for a new course rests with the Department Chair and the Dean for Academic Affairs.

4. After the course is approved, if the instructor changes (including the assignment of long-term substitutes) the course is no longer approved until both the new instructor is approved and the course is re-approved.

Dual Credit Instructors Responsibilities

1. Develop or update a Course Syllabus each term and distribute to students. The updated or new syllabus must be submitted to the Dual Credit Office each term the course is taught.

2. Submit any renewed state or professional licenses or credentials required to teach the class.

3. Read and Sign-off on the Dual Credit Faculty Handbook each year.

4. Have students complete the registration form for the course. Registration

5. Once students are registered, verify the accuracy of the class lists.

6. Maintain Student Grades and Attendance Records. Instructions are found in appendix D. It is essential for dual credit instructors to answer the questions in the password manager on the JALC web site to insure access to grading.

7. Participate in the Liaison Process every three years. This includes on-site visits

Non-Compliance Policy

If any dual credit instructor fails to comply with the responsibilities listed above, the instructor will be notified of non-compliance in writing. The John A. Logan liaison will then meet with the dual credit instructor to offer assistance such as syllabi development, course assessments, resource materials, a new discipline orientation, etc. If non-compliance continues a warning letter will be sent to the instructor and the principal of the high school. If non-compliance is not rectified after the second warning, the instructor will be removed from the dual credit program and students will not receive college credit.
